Election/Restrictions

1. Applicant's election with traverse of species I in Paper No. 10 is acknowledged. The traversal is on the ground(s) that an additional search is not needed for the additional 5 species. This is not found persuasive because searching additional species as well as the "examination" and consideration of an additional 5 species would be a burden on the Examiner.

The requirement is still deemed proper and is therefore made FINAL.

2. Claims 9-11 are withdrawn from further consideration pursuant to 37 CFR 1.142(b), as being drawn to a nonelected species, there being no allowable generic or linking claim. Applicant timely traversed the restriction (election) requirement in Paper No. 10. It is noted that applicant listed claim 11 as being readable on the elected species however, claim 11 depends from claim 10 which does not read on the elected species and therefore claim 11 has been withdrawn.

Claim Rejections - 35 USC § 112

3. Claims 1-8 and 12-28 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 1 the phrase "adapted to ensure...", claims 3 and 5 in their entirety are functional, indefinite, and incomplete because they contain functional language not supported by recitation in the claim of sufficient structure to warrant the presence of such language. (MPEP 2114) It is not clear what structural limitations applicant intends to encompass with such language.

Art Unit: 3728

In claims 2-6, and 8 the phrases corresponding the thickness and protrusions to stages of compression are confusing, vague, and indefinite because it is not clear what structural limitations applicant intends to encompass with such language.

Claim Rejections - 35 USC § 102

4. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

5. Claims 1-8, 18, 20, and 26 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Sessa (5469639).

6. Claims 1-7, 12-14, 17-23, and 26 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Yung-Mao (4843741).

7. Claims 1-6, 8, 12-18, and 26 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Sicurella (4075772).

8. Claims 1-6, 12-18, and 23-28 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Kramer (5233767).
